With the National Eisteddfod visiting Wrexham 30th July- 6th August, this year's PRAYER WEEK has as its focus PRAYER FOR WALES. Sunday July 10th local churches will be invited to commission the use of a PRAYER BOOKLET compiled to mark the visit of the Eisteddfod in our town. 14 national and local church leaders have contributed to this new aid to devotions.

PRAYER WEEK coincides with the Wrexham Science Festival. We have dedicated FRIDAY 15th July to pray for the relationship between FAITH & SCIENCE, supporting the Cytûn sponsored evening lecture 'Are we wired for God?' given by Charles Foster from Oxford University. The Festival, a celebration of science for all ages, runs from 14-22 July—please visit www.wrexhamsf.com for details.
