

Bangor Diocese

Announcement

From the Bishop

12th January 2010

Dear Friends,

I am informing you with very mixed feelings of the appointment of Mrs Stella Schultz as the new Diocesan Secretary for the diocese of Monmouth. I want to congratulate Stella on this appointment and share the joy of a new challenge. I am also aware of the challenge this now presents the diocese of Bangor. Stella has been at the heart of this diocese for more than a decade. In addition to a wealth of experience and innumerable gifts, she has always operated in the interests of people. Her ability to combine pastoral sensitivity with exceptional strategic and management skills has made her both popular and respected. My senior colleagues and I will miss her wisdom and wit enormously!

This is a brief communiqué but may I assure you all that there will be a proper and fitting occasion in which we will be able to express our thanks to Stella and I will inform you of this when the arrangements are made.

Bishop Andrew John.
